## NRRS™ Ad Slicks

These are NRRS ad slicks to be used when and how an editor sees fit. Generally, ad slicks are used to fill awkward spaces left behind when editorial copy runs short. They are run free of charge. Please make your editorial contacts aware of their availability. They can be downloaded by visiting [www.reserveusa.com/infokit/](http://www.reserveusa.com/infokit/). From there select adslicks.pdf.
